The success of these Medicines has been astonishing, even in suage of scientific miracles. They do not alleviate they extinguish a disorder. The agony, the fever, the debility, the despondency, which characterize afflictions of the digestive and secretive organs, vanich under the influence of these prepara-sions. The constitution itself seems to acquire new energy ander their operation.

That the American people are appreciative of any substantial service rendered them, is seen in the result of Dr. Ayer's enterprise. It was something of a venture for a chemist of his plendil reputation among the literati of the world, to risk it in the production of Cough Drops and Pills. But he boldly threw himself into the gap where his talents could best subserve the public weal, and it is now seen to see that he did not misit is now easy to see that he did not misjudge the temper of his countrymen. Throughout this nation and some foreign lands, his name is foremost at the bedside of sickness—while in the good he scatters, he is accord to no living man's. He wins the brightest laurels man can wear, and enjoys in autold measure the luxury of along good. [Observer, Dubuque, Iowa.]

This is not boasting, try it, if you feel sceptical and be convinced. It combines in its compesition the properties of a diffusive stimulaut, an Anti-septic, a mild but effective Astringent, and a direct power over the nerves, neither narcotic nor anodine, that relieves pain, in a manner poculiar to itself, and for which, we have no word in the English language exactly to express its action. The French call it Simlagement. So much for its internal administration. When applied externally, it will be found a most powerful counter-irritant, instantly reddening the surface to which it is applied, and withdrawing the blood from some neighboring part, where it may be congested or heaped up, causing pain and leading to inflammation. JULES HAUEL, Eag., the well known perfumer, of
Chestnut Street, Philadelphia, whose choice products
are found at almost every toilet, says:

"I am happy to say of your Catharic Pills, that I
have found them a better family medicine, for common
use, than any other within my knowledge. Many of my
friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary
virtues for driving out diseases and curing the sick. They
are not only offectual, but safe and pleasant to be taken—
qualities which must make them valued by the public
when they are known."

The venerable Chancellor WARDLAW writes from Battimore, 15th April, 1864:

"Da. J. C. Aven — Sir: I have taken your Pills with
great benefit, for the listlessness, languor, loss of appetite,
and Bilious headache, which has of late years overtaken
me in the apring. A few doses of your Pills cured me. I
have used your Cherry Pectoral many years in my family
for coughs and colds with unfailing success. You make
medicines which cure; and I feel it a pleasure to commend
you for the good you have dose and are doing."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co., says:

"Pa. R. R. Office, Philadelphia, Dec. 13, 1833.

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your Cathartic Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your Cherry Poctoral as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

Read this from the distinguished Solicitor of the Supreme Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured, two years since, of a severe and dangerous cough, by your Cheraxy Precroad, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Influence and Croop by it. It is an invaluable remedy for these complaints. Your Carnaaric Pilm have entirely cured me from a dyspapsia and contiveness, which has grown upon me for some years,—indeed, this cure is much more important, from the fact that I had failed to see the form the best Picticinus which this section of

The Pills, taking according to the printed in-structions, will quickly produce a healthy ac-tion in both liver and stomach, and as a neural consequence a clear head and good ap

Veakness or Debility Induced by over Fatigue Will soon disappear by the use of these in-aluable Pills, and the Soldier will quickly sequire additional strength. Never let the Bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach and thus remove all the acrid bumours from the system. This medicine will give tone and vigor to the whole organic system however deranged, while health and trength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.
